

PINTAD Handover and Vision

Annette Schmid has been the long-time leader of PINTAD (7 years). She is handing over leadership.

- **Fabien Ricard and Brenda Kurland have agreed to take over the leadership of PINTAD.**
 - **Fabien Ricard**, MD, as chair, is a physician trained in Nuclear Medicine, Radiology and Radionuclide Therapy, as well as Biomedical Engineering. He has spent 10+ years in academia and pharma in drug development and multimodal imaging, working with sponsors/biotechs and iCROs in various positions, currently Director of global Clinical Development and Medical Affairs at Bayer-Radiology.
 - **Brenda Kurland**, PhD, as co-chair, is a Biostatistician with 15+ years of experience in cancer center biostatistics and quantitative imaging biomarker development at the Fred Hutchinson Cancer Research Center and the University of Pittsburgh. She joined ERT as their Senior Principal Statistician for Imaging earlier this year.
